

COMPANY OVERVIEW

Perimeter Six Technologies, LLC is an SBA-certified Service-Disabled Veteran-Owned Small Business in Jacksonville, North Carolina. We build and look after websites, support small networks, and help organizations close security gaps. Work is delivered remotely or shipped direct, so location is never a barrier.

CORE COMPETENCIES

- **Website design, build and care plans.** Mobile-first sites, hosting and SSL, contact forms, search setup, and monthly content updates for small agencies and businesses.
- **Website accessibility checks and fixes.** Testing against WCAG 2.1 AA with written findings and screenshots, then remediation. Helps public entities prepare for the ADA Title II web rule.
- **Network administration and support.** Small-office network design, configuration, monitoring and troubleshooting, delivered remotely.
- **Cybersecurity assessments and hardening.** Vulnerability scanning, firewall and account reviews, MFA rollout, security baselines, and plain-language risk reports.
- **Remote end-user and help desk support.** Email, user accounts, devices and productivity tools, with documented fixes.
- **IT hardware and software supply.** Quote-and-ship fulfillment of IT hardware, accessories and software through our IT distribution account. Shipped direct to the buyer.

DIFFERENTIATORS

- SBA-certified Service-Disabled Veteran-Owned Small Business (SDVOSB) and VOSB, VetCert effective 10/05/2026.
- Founder-led: one accountable point of contact from quote to delivery.
- Founder is a U.S. Marine Corps communications veteran (8th Communication Battalion) and holds CompTIA Security+ and Cisco CCNP Security certifications.
- Every website is tested at five screen widths and checked against WCAG 2.1 AA before handoff.
- Based in Jacksonville, North Carolina. Remote service and ship-to delivery anywhere in the U.S.
